# Validation of non-formal Learning with Open Badges

The Open Badges Infrastructure is an online standard to recognize and verify learning. It was incubated by Mozilla Foundation

A digital badge is an online representation of skills

In project DARE, the Badges have 3 dimensions:

- Assessment
- Certification
- Endorsement

SEAL CYPRUS has a platform where the learners are going to claim their Open Badges. It is called a region of learning and it is here <https://cyprus.regionoflearning.eu/>

## Regions of Learning- the Open Badges in the partner countries

For each of the countries where the Job Labs and the Entrepreneurship Labs are going to take place there are dedicated platforms where the learners are going to claim their Open Badges. Each platform is a Region of Learning.

CYPRUS <https://cyprus.regionoflearning.eu/>

ITALY <https://campania.regionoflearning.eu/>

GREECE <https://athens.cityoflearning.eu/>

PORTUGAL <https://lisbon.cityoflearning.eu>

### About the project

"DARE- Day One Alliance for Employment" is expected to contribute towards the specific objective of the Fund "strengthening transnational cooperation to address European challenges in the area of youth employment".

The proposed interventions entail Job Labs and Entrepreneurship Labs for 1,400 young people not in education, employment, or training. A system of validation with the Open Badges system will be put in action in favour of the participants. More ...
